KLX Energy Services

Worksite Solutions

Complete worksite solutions and 24/7 support to keep your teams safe, productive and comfortable.

KLX provides customized amenities and utilities that enable hardworking crews to perform at their best. From housing to power generation, clean water and everything in between, we're proud to be your trusted, turnkey resource. Our range of offerings is exceeded only by our commitment to exceptional customer service.

Workforce Housing & Offices

Exceptionally Outfitted

Need a well-equipped place to take on a hard day's work? Or a comfortable setting to get a good night's rest? KLX designs and builds customized jobsite spaces to enhance everyday activities. From comfy conveniences to out-of-the box amenities, we've got you covered.

Custom Structures

Built for Your Crew

We're experts at creating fit-for-purpose structures, built to your exact specs at our in-house manufacturing facilities. From mobile showers to guard shacks, cooling trailers and specialized structures for any jobsite activity.

Communications & Connectivity

Confidently Connected

KLX delivers vivid communication experiences – with low-Earth-orbit (LEO) satellite internet, LTE cell towers and signal boosters, mobile phone and walkie-talkies, a large selection of media peripherals and more. Wherever your business takes you, you'll never miss a moment.

Surveillance & Security

Safe and Secure

Get crystal-clear imagery with lightning-fast alerts – wherever you need a watchful eye. Our compact, mobile surveillance trailers protect your people and your jobsite assets with AI-enhanced capabilities, smart geofencing and app-enabled control.

Power Generation & Lighting

Bright and Energized

In the dark about the best power and lighting options for your remote worksite? KLX is here to hook you up. We're ready to roll with a variety of wheel-mounted diesel gensets, ideally sized to meet your on-site power needs. They're available in 50-, 75- and 80-kW sizes, and our light sources are available in 6-, 8-, and 20-kW options.

Water Systems

Flowing Strong

The H20 pros at KLX provide a steady stream of fresh, drinkable water – on-site and on demand – to your crew quarters and worksite buildings. And when it comes to efficient recycling of reclaimed site water for nonpotable use, we're a wellspring of expertise and resources. Drop for drop, nobody else comes close.

Sanitation Services

Clean and Easy

Leave the dirty work to us. Our reliable trash services and portable toilet rentals keep your site clean and tidy – so you can stay focused on taking care of business. And we also provide worry-free access to convenient trash trailers, roll-off services and scheduled pickups for your trash, scraps, recyclables and nonhazardous materials.

Heavy Equipment

Durable and Dependable

For heavy-equipment rental and expert guidance to handle big projects, there's no need to get bogged down in the details or call multiple suppliers. Take a load off and let us get those forklifts, man lifts, excavators and other heavy-material movers to your jobsite.

KLX Energy Services

A blueprint for success for worksite solutions, KLX delivers the unparalleled assets and expertise you've been looking for.
